

Welcome to Ashery Oak,

Our shop is nestled in the rolling hills of a rural area locals call "The Ashery." Here is where, in the Colonial days, our hardworking ancestors produced potash from hardwood ashes. The name Ashery has stuck throughout the years.

At Ashery Oak we value the integrity and ideals that our forefathers embraced and handed down through many generations. Every piece of furniture we produce is crafted with the quality we would expect for our own office and living room. Please take a moment to page through our catalog. You will notice a color theme throughout the catalog. Our Office Furniture section can be located in the green pages, the Flat Wall Entertainment Centers section can be found in the blue pages and the red pages contain the Corner Entertainment Centers section.

Your options are not limited to what is showcased on the following pages. We welcome custom office furniture and entertainment center orders. Please refer to our price list for the many different wood species we offer.

Our entertainment centers and office furniture is finished next door at Ashery Finishing. This makes it convenient for you to pick your order up directly from the finishing shop.

We are pleased to offer a special discount on qualifying orders. Please refer to our price list for the 3 piece special.

We keep some of our Best Selling items in-stock!

Thank-you,

Wayne Hershberger
